SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

OFFICE OF
REGISTRATIONS AND REPORTS

Dear Subscriber:

As part of its continuing effort to keep the public informed, the Commission regularly asks readers of its publications to comment on such matters as their value, format, timeliness and cost.

More than a year ago, the Statistical Bulletin was expanded to include certain information on corporate and individual filings and reports. At the same time, such publication was converted from a monthly to a weekly document in order to distribute the trading data more timely. As a result of subsequent and pending increases in postal rates and printing costs, the Statistical Bulletin is reverting to its original monthly schedule. This move is made possible, in part, by newly achieved press coverage of weekly trading data--more speedily than could be provided by the SEC under any circumstances. As the Statistical Bulletin changes from a weekly to a monthly document, the Commission needs to know to what extent filings and reports data will be useful to subscribers. It should be remembered that information about Form 8-K filings is printed in the Commission's News Digest daily, on a space available basis; Schedule 13-D information appears in the News Digest each Monday; and Information on Form 144 filings is available on a weekly basis from the Commission's Public Reference Section.

We will continue to publish filings and reports information in the Statistical Bulletin if you, the subscriber, advise us that you want such information. To advise us in this regard and to make any other comments you may have about the Statistical Bulletin, please complete and return the attached questionnaire, which requires no postage, as soon as possible but in any event by July 5, 1974.

Thank you very much for your cooperation.

* Amended Acquisition Report

statistical bulletin

Beginning in June, 1974, the SEC **Statistical Bulletin** will be published monthly instead of on the present weekly schedule.

The contents of the **Statistical Bulletin** includes the following items:

- STATISTICAL SERIES RELEASES -- This series includes data on round-lot and odd-lot share volume in stock exchanges, OTC volume in selected securities, block distributions, securities registrations and offerings, net changes in corporate securities outstanding, working capital of U. S. corporations, and assets of non-insured pension funds.

- 144 FILINGS -- Form 144 is a notice of the proposed sale in ordinary trading transactions of limited amounts of securities owned by persons controlling, controlled by or under common control with the issuer, and by persons who have acquired restricted securities of the issuer.

- 8K REPORTS -- These must be filed with the Commission when material corporate developments such as changes in control of a registrant, acquisition or disposition of assets, or legal proceedings have occurred in the past month.

Because of rising costs and staff limitations, the SEC has discontinued its free mailing lists. Releases under the various Acts are made available through another publication, the **SEC Docket**. However, the statistical series releases and the 144 information can be obtained only by subscribing to the **Statistical Bulletin**. Subscriptions can be entered by completing the form below, and mailing it with $23.80 to the Superintendent of Documents. Current subscriptions to the weekly Statistical Bulletin will be replaced with monthly issues until the subscription term ends.
